Information...Safe & Secure

Conveniently Store and Access Data Online without Capital Costs

Enjoy 24/7 online data access without additional investment in hardware, software or IT personnel.
Outsource Enterprise Content Management (ECM) with this massive, ultra-secure, proven cloud service.

Reduce Records Management Costs

- Improve business processes and customer service with instant, online access to information.
- Free IT departments from managing growing amounts of data with scalable and maintenance-free storage.
- Convert capital expenditures into tax-deductible operating expenses.

Enhance Security and Compliance

- Implement information policies with multiple layers of security.
- Ensure proper procedures are carried out by automating and tracking compliance processes.
- Gain regulatory confidence with evidence of audit trails, security controls, user activity, document history and records retention policies.

"The price point was very attractive, especially for a non-profit organization. There were also no hardware acquisition costs. But the largest savings come in the efficiencies we've gained. With ImageSilo, we don't have to request charts or read them on paper anymore. My staff just types in a client name and it's instantly right in front of them!"

- Mike Kongsjord, Director of Information Security & Technology
Human Development Center

Simplify Disaster Recovery

- Protect data physically and electronically with controlled access and 24/7 system monitoring.
- Automate data backups by sending encrypted copies of live information to any secure location.
- Recover quickly after a disaster—our centralized location allows you to retrieve critical data from any internet connection.

Information...Safe & Secure

Conveniently Store and Access Data Online without Capital Costs

ImageSilo is an ultra-secure, cloud-based Enterprise Content Management (ECM) service, offering all the same features and functionality of an on-premise ECM system. Outsource your data storage with ImageSilo, and get secure online access to information anywhere in the world, at any time, instantly—without capital expense or increased administrative burden.

The Freedom of Cloud

ImageSilo changes the economics of ECM by reducing overall costs and eliminating IT headaches. No capital expenditure for system implementation means a tax-deductible operating expense for your company. Plus, IT departments are spared the burden of maintaining growing data storage. Unlimited users and data storage allow companies to organize all information across multiple projects, departments and locations.

THE Industry Leader

ImageSilo was developed for the cloud market, meaning customers never compromise features and functionality when choosing the convenience of an on-demand ECM. In fact, it was the first cloud system in the ECM market in 1999 and is recognized as an industry-leading service today. Our core competencies of software development and system and network management make Digitech Systems the best choice for long-term reliability and stability.

Uncompromised Security

Your stored content remains invisible—even to Digitech Systems' employees. Five layers of security, including transmission security, system security, data security, application security and physical security, guard information at every stage. Data encryption can occur both during transmission and when data is stored. Records retention and destruction policies, evidence of security controls and extensive audit trails enable companies to comply with government and industry regulations.

Efficient Collaboration

By providing powerful check-in/check-out and versioning controls, ImageSilo ensures that users are working on the latest, most accurate version without the fear of overwriting each other. ImageSilo supports virtually any type of information, including electronic files, paper records, images, print streams, web-based electronic forms, and even email messages. Store and retrieve any file type, including images, Microsoft® Office files, and PDF's. Easy-to-use, powerful search capabilities allow users to locate any information in minutes.

Suite Options

Implement a comprehensive, automated ECM system with these additional components.

Award-winning enterprise capture - PAPERVISION® CAPTURE

Patented forms processing - PAPERVISION® FORMS MAGIC TECHNOLOGY

Automated business processes - PAPERVISION® ENTERPRISE WORKFLOW

Print stream processing - PAPERVISION® ENTERPRISE REPORT MANAGEMENT

On-premise ECM - PAPERVISION® ENTERPRISE

Seamless Integration

ImageSilo works effortlessly with Microsoft Office. Utilizing PaperVision® Enterprise Tools for ImageSilo, users can upload files directly and control document versions using Microsoft Office toolbars and menus. A point-and-click integration module and API capabilities enable seamless integration with virtually any application. Users won't have to leave their line-of-business software to store and retrieve critical corporate data. Plus, you'll enjoy the peace of mind that comes from knowing all your important information is securely managed in the ECM system.

Uninterrupted Information Access with 99.9% Uptime Guarantee

Digitech Systems maintains, monitors, manages, and engineers all of our software, servers, and storage. Elaborate backup strategies maintain data integrity, and multiple redundant systems mitigate the potential for failures affecting information availability.
